# FESTIVALS ARE BACK

Finally after what feels like forever, music festivals are starting back up across the country. Our team love a good weekend of live music for a fresh batch of inspiration, we have gathered some top tips from around our office to make the most of your weekend.

## Top tips for your festival weekend:

1. Buy a duvet / blanket - It might sound excessive, however a sleeping bag just won't cut it on a cold night.
2. Food will be more expensive than you'd like, make sure to take an emergency fund for that Sunday night - we've tried to get a meal with our remaining £2.50 and it simply can't be done. (Also, take cash - you don't want to be that person that loses their card)
3. Wellies, You might think those old trainers will do the trick - they won't, trust us.
4. Pack your tent up at the end of the weekend, we know it's the last thing you want to do, but don't be that person that leaves it behind.
